## UNIDEN'S PREMIUM MASTER SCAN™ TECHNOLOGY

Master Scan™ Offers Minimal Disruptions for Continuous Communication. It Includes the Following Features.

### Dynamic Switching:

Continual communication without interruption is possible by dynamically switching to unused channels. This network scan function scans for other radios that share the same CTCSS or DCS tone. When the radio detects a signal with no code, or the wrong code, it switches to an unused channel when transmitting. By scanning only group channels, radios in the network will be able to detect and receive group transmissions – continual communication without interruption.

### Pre-batched Group Channels:

Avoid complicated settings by preloading group channels.

### Lightning Encode:

An advanced rectifier circuit enables the radio to decode CTCSS/DCS quickly.

MINIMAL DISRUPTIONS FOR CONTINUOUS COMMUNICATION

\* Please note: CH 22 & 23 are used for telemetry and telecommand applications, voice communications are not permitted on these channels and transmission is inhibited. CH 61, 62 & 63 are for future use and are receive only channels.

‡ **Splashproof:** Meets the world standard JIS4 Level. Being defined as having no harmful influence by receiving a splash of water from any direction.

^ **Waterproof:** Meets the world standard JIS7. Being defined as having no ingress of water when immersed at 1 metre for 30 minutes. All accessories including the speaker microphone are not waterproof.

† 15km: Typical Range Line of Sight.

‡ Operating time (in hours) based on 5% transmitting, 5% receiving and 90% waiting mode using low output power with Lithium-Ion batteries supplied with Auto Battery Save on.

Δ 1 year warranty on included accessories.

Specifications subject to change without notice.

# UH950S KEY FEATURES

**80 UHF Channels\*:** Choose from up to 80 Frequencies to transmit and receive messages

**Waterproof\*:** Meets the world standard JIS7. Being defined as having no ingress of water when immersed at 1 metre for 30 minutes.

**5 Watt Maximum TX Output Power Hi/Lo:** Select high (5.0W) or low (1.0W) RF output power to extend your battery power supply.

**Long Life 2300mAh Lithium-ion Battery:** High Performance Battery giving Exceptional Levels of Talk and Standby time compared to traditional UHF radios.

### Master Scan

**Rapid Scan:** Scans Channels Faster Than Other Typical UHF Handheld Radios.

**Voice Scramble Function:** Enabling private communication by scrambling the voice signal, preventing other users without special descrambling equipment from understanding the conversation. Compatible Uniden units will be able to understand the signal.

**Range Extender (Duplex) Capability:** Allows the UH950S to operate via a local repeater station, If available, which transmits your signal over a wider area. Up to an extra 30-100km depending on location, height and available of local repeater station.

**VOX Hands Free Capable:** Hands Free operation using the UH950S is possible with its Voice Activated Circuitry and the headset microphone.

## INCLUDED IN THE BOX

- 1 x UH950S UHF Radio
- 1 x Rapid Charge Desktop Cradle
- 1 x SM950 External Speaker Microphone – Splashproof\* (JIS4)
- 1 x Cigarette Lead Cable
- 1 x EM950 – Earphone MIC
- 1 x Lithium-Ion Rechargeable Battery
- 1 x AC Adaptor
- 1 x Belt Clip
- 1 x Owner's Manual

**Interference Eliminator (CTCSS):** Block out unwanted conversations.

**Digital Coded Squelch (DCS):** Choose from 104 alternative digital codes that can be sent with your transmission. The digital code is recognised by the selected receivers enabling them to receive the transmission. Receivers that do not recognise the digital code remain silent therefore blocking out unwanted conversations.

**Backlit Keypad and Large LCD Display:** The keypad and Large LCD is backlit for easy viewing at night or in low light situations.

**Auto Battery Save:** Allows the UH950S to automatically save and conserve power when not in use.

**Open Scan:** Scans all the channels in memory and locks on active channels.

**Group Scan:** This scan model allows the user to select the channels they wish to monitor / listen to in a group, along with a priority channel (priority watch).

**Battery Level Indicator:** Allows you to see the level of power left in the UH950S Batteries.

**Busy Channel Lockout Function:** Disables your transmitter while activity is detected on the channel.

**Roger Beep:** Confirmation tone indicates the completion of your transmission.

**Instant Channel Programming and Recall:** Program any channel as the Instant priority channel and recall it at the touch of a button.

**Keypad Lock:** Prevents accidental entries by disabling key changes (except PTT).

**Size of Unit (mm):** 58mm (W) x 39mm (D) x 111mm (H)

**Designed and Engineered in Japan**

**Built for Rugged Australia and New Zealand Conditions with its Metal Alloy Chassis**

## OPTIONAL ACCESSORIES

- CK-950 Cigarette Lead Charger with Hang Up Bracket
