VHF Marine Radio

This splashproof VHF Marine handheld unit is ideal for mobile marine communication. It is fully splashproof and Certified to meet the world standard JIS4 splashproof level. The portable two-way radio is compact and lightweight and fits easily into the palm of your hand when you are on your boat.

You are able to switch between 1 watt output, to preserve the life of the battery and 5 watt output, which provides maximum transmission power. The Large LCD Display and Keypad is backlit for easy viewing at night or in low light situations. The Atlantis 250 is also equipped with Triple Watch Mode which monitors Channel 16 and Channel 9 simultaneously for a signal while at the same time allowing you to listen to the selected channel. It also has One Touch Emergency Channel 16 allowing you at the touch of a button you have access to emergency channel 16 or channel 9.

Designed in Japan to offer outstanding performance in virtually all conditions and situations. Unidens Atlantis 250 is durable enough to take anywhere and ideal for boating, marine, fisherman, commercial Use, recreational fishing and so much more. With extended range and crystal clear sound, the Atlantis 250 is the ultimate in marine communications.

Suggested Retail: \$199.00
