Introducing the latest in Wireless Video Monitoring Systems. Uniden's new wireless solution is designed to monitor the safety of your sleeping baby or kids playing with an exceptionally user-friendly, high quality digital encrypted monitoring system.

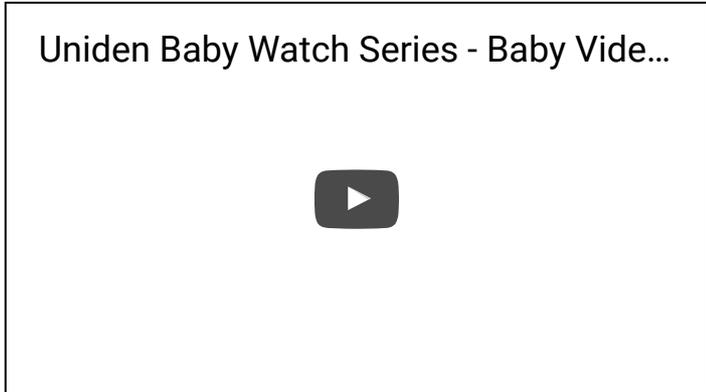

The BW 2101 allows you to monitor the safety of your children remotely. Featuring a Digitally Encrypted Signal, the BW 2101 is the ideal system for Secure Digital Crystal Clear monitoring and protects against eavesdropping and hacking for added Peace Of Mind.

DIGITAL WIRELESS BABY VIDEO MONITOR

"WALKIE TALKIE" FUNCTION
Talk to and soothe your baby remotely.

With a handy "Walkie Talkie" Function, you can now talk to and soothe your baby remotely. The BW 2101 also comes with a selection of Lullabies to play to your baby and VOX (Voice Activated) record and alarm feature.

This systems comes with a 3.5" Colour LCD Display Receiver and a Portable Indoor Video Camera, but can be expanded by up to 4 cameras.

The Colour LCD Display Receiver allows you to view up to 4 cameras at once.

VIEW UP TO 4 CAMERAS AT ONCE

Portable and Convenient, this system also includes Night Vision and a Flexible "Goose Neck" Camera Stand.

The BW 2101 System also has the ability to record those Special Moments on an Optional SD Card (up to 64GB).

Record those special moments on an SD card*

The optional SD card can be removed for back up or viewing of those special moments on a PC. The video files are AVI format at 640x480 VGA resolution.

Suggested Retail: \$169.95
