Designed and Engineered in Japan. Uniden's DECT 1010 uses Wireless Friendly DECT Technology. With cutting-edge American DECT 6.0 Technology the DECT 1010 Cordless Phone System is a reliable choice for any person.

These digital phones are ideally suited to high density living environments and have a vast array of features suitable for any home. They have enhanced talking range, unique styling and are Wireless (WiFi) network friendly.

The DECT 1010 has a unique new feature called ECO Friendly Mode allowing the cordless handset when on the cradle to adjust electrical consumption to save power. The DECT 1010 has a unique wall mount design which has been designed specifically with wall mounting in mind. Like never before the base unit sits fully flush against the wall, providing a streamlined and contemporary look.

Uniden's quality and performance make the DECT 1010 an outstanding and reliable digital choice.

Suggested Retail: \$32.99
