## DIGITAL DECT

Designed and engineered in Japan, Uniden's DECT 1515 uses the Wireless Friendly DECT technology. This handset derived from cutting-edge American DECT 6.0 Technology the DECT 1515 Cordless Phone System is a great entry level cordless phone.

These phones are ideally suited to high density living environments and have excellent array of features suitable for any home. They have great talking range, unique styling, 3 line backlit display LCD display and are Wireless (WiFi) Network friendly. The digital duplex speakerphone on the handset makes handsfree communication a breeze.

The DECT 1515 has a duplex speakerphone allowing you to have handsfree conversations and ensure you can keep working while on the phone. The DECT 1515 has a unique wall mount design which has been designed specifically with wall mounting in mind. Like never before the base unit sits fully flush against the wall, providing a streamlined and contemporary look.

Uniden quality and performance make the DECT 1515 an outstanding and reliable digital choice.

Suggested Retail: \$34.95
