Introducing a unique cordless phone with a space saver base, ideal for apartments allowing it to be put anywhere in the place and freeing up space in your household.

Designed and engineered in Japan, Uniden's DECT 2130 + 1 uses the Wireless Friendly DECT technology and has an integrated digital answering machine so you don't miss those important phone calls. This handset derived from cutting-edge American DECT 6.0 Technology the DECT 2130 + 1 Cordless Phone System is nothing but a premium choice.

These futuristic styled phones are ideally suited to high density living environments and have a comprehensive array of features suitable for any home. They have enhanced talking range, unique styling, a large 4 line backlit display LCD display and are Wireless (WiFi) Network friendly. The digital duplex speakerphone on the handset makes handsfree communication a breeze.

The DECT 2130 + 1 also has an ECO Friendly Mode, which allows the cordless handset to automatically adjust electrical consumption to save power. Uniden quality and performance make the DECT 2130 + 1 an outstanding and reliable digital choice.
