Uniden's 2.4GHz Digital Spread Spectrum (DSS) cordless phones are versatile and contemporary to suit households of any size. The 2.4GHz Digital Spread Spectrum frequency offers the longest digital range while at the same time offering outstanding performance and excellent sound clarity and security.

The DSS 3415 + 1 comes with an Additional Handset and features a Digital Duplex Speakerphone on each of the the Handsets, Advanced LCD and Caller ID Display and Two-Way Communication Between Handsets Anywhere Without the Base. The DSS 3415 + 1 is also equipped with a clarity boost setting to enhance the voice quality and increase the range of the handset.

Excellent quality, performance and powerful features make the DSS 3415 + 1 the most versatile and impressive cordless phone on the market.

Suggested Retail: \$159.00
The DSS 3405 is available as an additional handset and charging base.
Suggested Retail: \$89.00
