Operating Manual PDF

For Optimum Clarity, Superior Technology and Sophisticated Styling you cannot overlook Uniden's Premium 5.8GHz Digital Spread Spectrum (DSS) range of cordless phones.

Designed and engineered in Japan by Uniden's famous engineers, Uniden's DSS 7955 provides the most powerful features including a 4 line Backlit LCD display on the handset for easy viewing at both night and day, Conference Capability and can even double as a Baby/Room monitor. The Premium DSS 79xx series are Wireless (Wi-Fi) Network Friendly, operate with up to 10 handsets and are styled and engineered with sleek elegant lines.

The DSS 7955 is equipped with an Integrated Digital Answering Machine with Remote Access and Dual Keypad for extra convenience. This model also gives you the option of diverting all incoming calls directly to the Integrated Digital Answering Machine by using the Do Not Disturb feature. The Digital Duplex Speakerphone on the Handset and Base makes handsfree communication a breeze. Combine all these with the added convenience that 5.8GHz Technology will not interfere with typical wireless networks, and you have the perfect communication accessory to suit households of any size.

Uniden quality and performance make the DSS 7955 an outstanding and reliable digital choice - second to none when it comes to cordless phones technology.

Suggested Retail: \$179.95
The DSS 7905 is available as an additional handset and charging base.
Suggested Retail: \$119.95
