Introducing a stylish new era in sophisticated communications, the new Uniden ELITE cordless phone series combines the elegant fusion of sleek design and state-of-the-art technology. Presenting stunning piano black finish and sleek, elegant European styling, the ELITE range is one the slimmest cordless phones in the market.

Now integrated with Bluetooth Technology the ELITE series allows you to Dial and Receive calls from your mobile and home landline on the same phone. It even allows you to pair up to 4 Mobile Phones to the ELITE series making it ideal in a large household and small business where the one phone is used. The ELITE series also gives you the ability to download your phonebook from the mobile phones to the cordless phone book with a massive 6000 Phonebook Capacity.

Ideal for modern high-density urban living, the ELITE range's design is derived from cutting edge American DECT 6.0 Technology to deliver excellent call clarity. The phones are also Wireless (WiFi) Network Friendly so they will not interfere with other wireless networks around the home or office essential for the connected household.

AUSTRALIA & NEW ZEALAND

Boasting a variety of comprehensive features, Uniden's ELITE range offer a backlit LCD display, polyphonic ring tones, an integrated digital answering machine and a digital duplex speakerphone on the handset. The new phones are also multi-handset capable, allowing connection of up to ten handsets from the one phone line to suit larger households.

The Uniden ELITE Series is also compatible with an optional repeater (XDECT R002 or XDECT R001^\*) giving the phone system the capability of extending the range even further and ideal for larger households or businesses that require that extra range.

Uniden quality and performance make the ELITE series an outstanding and reliable digital choice - second to none when it comes to cordless phone technology.

Suggested Retail: \$249.99  
The ELITE 9105 is available as an additional handset and charging base.  
Suggested Retail: \$99.99
