## XDECT

EXTENDED DIGITAL

TTS TECHNOLOGY

**No. 1**  
**SELLING BRAND**  
**AUSTRALIA & NEW ZEALAND**

The new benchmark in digital cordless phone communication for the visually and hearing impaired. This new series of SSE Series has improved features including text to speech technology allowing Announcing of the number when you dial and has the ability to read and announce the name of the caller\*.

The new SS E05 cordless handset features an extra loud ringing volume and bright red visual ringer making it ideal for the visually or hearing impaired. This product is an additional Optional Handset to enable you to expand your Uniden SS E Cordless, Uniden XDECT 70XX or Uniden DECT 2XXX Cordless Phone Series, allowing you to enjoy all the features shown below.

#### Backward Compatibility

Suggested Retail: \$69.95

(The SSE05 is an additional handset only and works in conjunction with the SS E25 / 27 + 1 Series, XDECT 7XXX Series and DECT 2XXX Series.)
