The New Benchmark in Digital Cordless Phone Communication for the visually and hearing impaired. This new series of SSE Series has improved features including text to speech technology allowing Announcing of the number when you dial and has the ability to read and announce the name of the caller\*.

The SS E25 + 1 is equipped with an integrated Digital Answering Machine ensuring you never miss that important call. The XDECT Digital Cordless Phones offer Extended Digital Coverage by utilising a Diversity Antenna System for Optimal Reception and Clarity - by mitigating multi-path errors. It also features a High Gain Antenna for greater range and to eliminate drop out areas in your home.

**Integrated Digital Answering Machine with Slow Playback Function & Remote Access**

**Do Not Disturb Function**

Allows you to mute the ringer and ideal for those times that you don't want to be interrupted.

This big button phone system is perfect for people who have suffered hearing loss and visual problems. It's also perfect for Noisy Homes or Workplaces (e.g. Warehouses) - use the Extra Loud Audio Controls. This system is also suited to Quiet "Do Not Disturb" Areas (e.g. Nursing Homes) - use the Visual Incoming Call indicator. The Do Not Disturb Function allows you to mute the ringer and is ideal for those times that you don't want to be disturbed.

Suggested Retail: \$129.95
