Introducing Uniden's new range of High Definition Widescreen LCD TV's. This 32" LCD TV is HIGH DEFINITION ideal for DVD players, Blu-Ray Players, HD-DVD Players and High Definition Consoles including the Playstation 3 and XBOX 360. Designed by Uniden's experienced team of engineers in Japan for tomorrow's digital home. Designed with a stunning high gloss piano black finish these LCD Panels bring a fresh new contemporary styling to the home.

The Uniden LCD televisions are equipped with a high definition Digital Tuner to ensure sharp, vivid colours and crystal clear viewing, delivering excellent picture quality. Designed with concealed front panel speakers and multiple inputs for connectivity – two HDMI Ports, two Component Ports, two Composite Ports and a S-Video Port. The array of ports available on the TV allows you to connect all your peripherals such as DVD player and Recorder, Blu-Ray Players, HD-DVD Players X-Box 360, Playstation 3 and host of other peripherals. With a dynamic contrast ratio of 1000:1 for brighter and realistic images and a fast response rate of 8ms the Uniden LCD TV's ensure your picture will be the best everytime you watch it.

Combining all the capabilities of modern LCD technology, the televisions are so user friendly with easy-to-use menus and a compact remote control. The LCD TV's are equipped with SRS TruSurround XT and Dolby Digital Sound for spectacular sound reproduction. The new range of Uniden LCD Televisions are Energy Star qualified, using less energy and power consumption to operate, using less than 0.1W of power in standby mode which can reduce energy bills. They are also RoHS compliant, with no hazardous materials used in manufacturing, to help reduce carbon emissions.

The TL32TX1-AB is elegantly designed to suit any home environment and if you love a product designed with meticulous detail and excellence, this will be the product for you.

2 Year Warranty
