[Range Brochure PDF](#)
[Operating Manual PDF](#)

With the added convenience of a mobile scanner and clock radio all in one, the UBC340CRS is ideal for those wanting access to AM/FM Radio and TV Audio Broadcast, particularly ethnic or community radio stations.

Offering 100 programmable memory channels and 9 bands of designated frequencies plus analogue audio channels for TV, the UBC340CRS automatically detects analogue transmission of Police channels, Railroad, Air, Marine, UHF CB and AM CB.

Frequency ranges received are 530-1.7MHz, 25-50.745MHz, 70-174MHz, 400-512MHz, with Channel Memory Scanning allowing you to scan up to 60 channels per second. Clock /Alarm with Snooze and Backlit LCD Display make this radio scanner the perfect addition to any home desktop.

The UBC340CRS comes with some great accessories including an Australian Scanner Frequency CD, Telescopic Antenna, and AM Loop Antenna.

Suggested Retail: \$149.95
