[Range Brochure PDF](#)
[Operating Manual PDF](#)

Introducing Uniden's flagship mobile 2 in 1 Transceiver radio incorporating both UHF and AM in the one unit. The UH095sx offers the finest components, engineering and styling. Just what you would expect from Uniden.

Built for Australia and New Zealand's rugged conditions and offering a 2 year warranty the UH095sx is ideal for truck and 4WD drivers. The UH095sx also uses Uniden's world recognised BearCat scanning technology, the UH095sx can scan UHF CB Channels, AM CB channels and user programmable channels at the same time. Dual watch, open scans and group scan gives seamless communication across all the channels and bands.

With a Voice Scramble Function the UH095sx allows for private communication by scrambling the voice signal, this prevents other users without special descrambling equipment, understanding the conversation. The UH095sx is the perfect solution and tool for UHF and AM Mobile communication worldwide.

Suggested Retail: \$399.00
