Range Overview

The UH400SX UHF Unit is in a class of its own with its super compact size. Uniden's reliability and experience in UHF makes this unit ideal for the professional who needs to keep in touch with the outside world. The UH400SX offers the finest components, engineering and styling, just what you would expect from Uniden.

The UH400SX has an extra 40 user programmable RX channels available making listening to your favourite frequencies (450 to 512MHz in 12.5Hz steps) easier. With a Rear MIC Jack located at the back panel for discrete connection of the standard or remote LCD speaker microphone.

The UH400SX is also equipped with DCS (Digital Coded Squelch) allowing you to choose from 104 alternative digital codes that can be sent with your transmission. The digital code is recognised by the compatible receivers enabling them to receive or block unwanted conversations. For additional conversation privacy the UH400SX also has CTCSS Interference Eliminator allowing you to block out unwanted conversations. It also has Range Extender (Duplex) Capability giving you long range depending on the location of local repeater stations. The keypad and LCD display is backlit orange for extra easy viewing at night or in low light situations.

Suggested Retail: \$299.95
