Additional Features:

† Operating Time: 50/50hrs

Dimensions of the Unit: 227mm(H) x 68mm(W) x 33mm(D)

¹ Radio unit only. Being defined as having no ingress of water when immersed at 1m for 30 minutes. The UH820SX-NB will only meet this rating if fully submersed and all rubber seals and bungs are well maintained and correctly fitted. This means the accessory bung is fully fitted and the battery cover securely fastened.

² Floating Design is only applicable with Radio Only and when not connected with the Carabiner Clip.

10+km Typical Range: Line of Sight.

† Operating time (in hours): based on 5% transmitting, 5% receiving and 90% waiting mode using low output mode.

Specifications subject to change without notice.
