How would you like to make free calls to anyone on SKYPE, anywhere in the world, forever. Well now that is a reality with the introduction of Uniden's VG-100 SKYPE VoIP Gateway. Compatible with all cordless and corded phones it is so easy to use by simply plugging in the phone and using SKYPE straight away.

Ideal for home offices, anyone making significant interstate or international calls, or people that want to effortlessly stay in touch the VG-100 is a convenient cost effective solution. The VG-100 switches seamlessly between online Internet and regular calls with the dual mode function.

The echo cancellation technology and full duplex sound quality function provides superior clarity. SKYPE calls can be forwarded to a mobile phone or the traditional landline and it also supports three-way handset conferencing between standard, mobile or SKYPE calls, making it ideal for small businesses.

Excellent quality, performance and powerful features make the VG-100 the most versatile and impressive internet enabled dual mode accessory on the market.

Suggested Retail: \$99.00
