Designed and engineered in Japan, Uniden's WDECT 3355 uses the innovative WDECT technology. Built from the first generation of the WDECT cordless phone which achieved number one status in the Australian and New Zealand Market the WDECT 33XX series of cordless phones are an excellent choice.

WDECT is a Wideband digital technology which delivers increased clarity, range and security. The WDECT 3355 is equipped with an integrated Digital Answering Machine ensuring you never miss that important call. The Dual Keypad allows you to also call from the base. This model also gives you the option of diverting all incoming calls directly to the Integrated Digital Answering Machine by using the Do Not Disturb feature.

The WDECT 3355 has Alpha Display Caller ID, 100 Caller ID memories and the ability to allocate individual caller ring tones to enable easy caller identification. The Digital Duplex Speakerphone on the handset and base makes handsfree communication a breeze.

This phone is multi handset capable, allowing up to 4 handsets to be connected to just one phone socket. An orange backlit LCD Display and Keypad enables easy use in all light conditions.

Uniden quality and performance make the WDECT 3355 an outstanding and reliable digital choice.

Suggested Retail: \$99.95  
The WDECT 3305 is available as an additional handset and charging base.  
Suggested Retail: \$69.95
