Range Brochure PDF

Operating Manual PDF

The Uniden Wireless Pad measures 20 x 15 cm in size, is very thin and capable of delivering up to 15 Watts of power – plenty of power to simultaneously charge multiple devices such as mobile phones or portable music players. A single Uniden Wireless Power Pad placed on the Kitchen Counter or Desk can possibly charge your whole family's mobile phones overnight!

**Compatible with over 600 Devices.** For use with an assortment of enabled mobile electronics from well known brands such as Apple, BlackBerry (RIM), Nokia, Motorola, HTC, Sony Ericsson and many more.

( Note: The pad itself requires AC power. However, the connection between the device to be charged and the Pad can now be free from individual power adaptors. )

#### How Does Wireless Power Work?

### Uniden Wireless Power - Drop & Charg...

#### Conductive Charging

Wireless Power Technology works instantaneously on the metal-on-metal contact between the pad and the sleeve or disc

#### Safety

The direct metal-on-metal contact allows for a very efficient and safe power transfer without generating harmful radiation, microwaves or magnetic fields.

#### Easy Installation

Drop & Charge, Grab & Go.

Suggested Retail: \$79.95

TOP
