CORDED PHONE

No Landline... No Worries with the XDECT61xx Corded Handset and Long Range Headset System. Sporting Bluetooth connectivity with a Corded Handset and packaged with a DECT Long Range Wireless Headset. The new series from Uniden also enables you to dial and receive mobile calls via Bluetooth on the phone for convenience and with a Long Range DECT Headset included allows you to take handsfree communication to a new long range level.

The Long Range Headset achieves more than 10 X Talking Range of a traditional bluetooth headset. Ideal for Small Office and Warehouse situations the benefits of a corded phone and long range handsfree DECT headset would allow you to control your business communication beyond the call.

The XDECT 6145BT+1H even allows you to pair up to 4 Mobile Phones to the XDECT 6145BT+1H series making it ideal in a large household and small business where the one phone is used. The XDECT 61xx series also gives you the ability to download your phonebook from the mobile phones to the corded phone book with a massive 6000 Phonebook Capacity.
