Introducing the new XDECT 7015WP Submersible / Dust & Waterproof* Handset that floats!

XDECT

EXTENDED DIGITAL

Designed and engineered in Japan, Uniden's XDECT 7015WP has been purpose built for Australia and New Zealand outdoor living. Ideal for high-density urban living - the XDECT range is wireless (WiFi) Network Friendly meaning the cordless phone will not interfere with other wireless networks in the surrounding area.

The XDECT 7000 Series other stand-out features aimed at providing the user with enhanced control over incoming phone calls. For easier caller identification, the XDECT 7000 Series also enables the user to allocate polyphonic ringtones to individual callers in addition to displaying caller ID. This phone is multi handset capable, allowing up to 6 handsets to be connected to just one phone socket. An orange backlit LCD Display and Keypad enables easy use in all light conditions.

The XDECT 7015WP is equipped with a Digital Duplex Speakerphone on the handset making handsfree communication a breeze. Uniden quality and performance make the XDECT 7015WP an outstanding and reliable digital choice.

The XDECT 7015WP is a Dust and Waterproof* Handset with a JIS7 waterproof rating.

Suggested Retail: \$109.95
