**XDECT**  
EXTENDED DIGITAL

Introducing the Most Advanced Home Smart Phone System in the market. Sporting Bluetooth® connectivity with USB Charging Port. This new series from Uniden now enables you to dial and receive mobile calls on the cordless handset for convenience and versatility as well as charging your Mobile Phone simultaneously.

We've introduced a handy NEW feature to the XDECT 81xx series - Blackout Power Failure^ Protection Feature. When a Power Failure occurs, the charged handset temporarily supplies power to the base unit. You can then make and receives calls using a handset.

What makes XDECT unique and superior to other cordless phones is the diversity antenna system for optimal reception and clarity by mitigating multi-path errors. The high gain antenna allows for greater range and to eliminate dropout areas in your home. This model also comes with a Long Range Repeater to extend your range even further.

Introducing a stylish new era in sophisticated communications, the new Uniden XDECT® Bluetooth® / USB Cordless Phone Series combines the intelligence of Integrated Bluetooth® combined with a USB Charging Port feature. Stylish, Slim Design, the XDECT® 81xx range is the perfect marriage between "Smartphone" & "Homephone".

The XDECT® 81xx series even allows you to pair up to 4 Mobile Phones to the phone making it ideal in a large household and small business where the one phone is used.

The XDECT® 81xx series also gives you the ability to download your phonebook from the mobile phones to the cordless phone book with a massive 6000 Phonebook Capacity.

The USB Charging Port allows you to charge your USB devices at your convenience - no more looking for that spare power point.
