Introducing the new X Factor in Cordless Phone Technology. The XDECT R001 is an additional External Splashproof* stand alone Repeater Station (must be wall mounted to be Splashproof*). The Repeater Station allows you to Extend the Range and Coverage from the Main Base by Daisy Chaining the signal to each Additional Repeater Station.

Designed and engineered in Japan for the world launch in Australia and New Zealand where distance is everything. Uniden's XDECT R001 has been purpose built for Australia and New Zealand. Ideal for high-density urban living - the XDECT range is wireless (Wi-Fi) Network Friendly meaning the cordless phone will not interfere with other wireless networks in the surrounding area.

The Optional Splashproof Repeater Station is compatible with:

XDECT R055 Series

XDECT R035BT Series

XDECT 81XX Series

XDECT R
EXTENDED DIGITAL SERIES
