Range Brochure PDF

Operating Manual PDF

This great value feature-packed cordless phone is part of the 900MHz SCR Technology range of phones.

The XSA965 also has the added benefit of a second handset and an inbuilt digital answering machine. This exclusive SCR technology allows better signal clarity and range, while minimising the chance of interference. A Super Chat Battery extends talk time to a long 10 hours. Maxi-Sound gives extra loud handset volume control, and the new Rocket Dial feature means that you can reach your VIP number with the touch of a single button.

Suggested Retail: \$179
