Range Brochure PDF

Operating Manual PDF

Designed and engineered in Japan, Uniden's WDECT 2355 + 1 uses the innovative new 2.4GHz WDECT technology.

WDECT is a Wideband digital technology which delivers increased clarity, range and security.

The WDECT 2355 + 1 comes with an additional handset as well as an integrated Digital Answering Machine with remote access, Alpha Display Caller ID, 100 Caller ID memories and the ability to allocate individual caller ring tones to enable easy caller identification. The Digital Duplex Speakerphone on both handsets as well the base makes handsfree communication a breeze.

This great product also allows Two-Way Communication between Handsets Anywhere without the Base as well as a Baby Monitor or Room Monitor feature. Also with this model it allows you at the push of a button to divert all incoming calls directly to the Integrated Digital Answering Machine with the great Do No Disturb feature. An orange backlit LCD Display and Keypad enables easy use in all light conditions.

Uniden quality and performance make the WDECT 2355 + 1 an outstanding choice

Suggested Retail: \$229.95
The WDECT 2305 is available as an additional handset and charging base.
Suggested Retail: \$89.95
